

## Art History Animals

Welcome to the exciting world of art history! By actively engaging with this assignment you are learning about how art came to be. To begin, choose *any* real animal (no fantasy creatures). Once you have selected an animal, you must choose a well-known artist, art style or art movement. You can achieve this by simply google searching “*famous artists*” or “*art movements*.” After you have chosen an animal and a specific artist/style/art movement, you must find a way to incorporate your selected artist’s style/art movement INTO your chosen animal. You can use colored pencils, markers, paint... basically any medium you’d like that will accurately depict the artist style/art movement you have selected.

### Guidelines:
